

Viacheslav Hryshko

IT Systems Electronics Technician · Automation Engineering · CNC Technician

Jensenstr. 48 · 83209 Prien am Chiemsee, Germany

+49 1512 5888782 · HryshkoDe@gmail.com · <https://hryshko.info>

Residence status: § 24 AufenthG — unrestricted access to the German labor market

Driving licence category B (since 1999)

PROFILE

Experienced IT Systems Electronics Technician with over 20 years of practice in diagnosing and repairing complex IT hardware (notebooks, PCs and other devices). Bachelor's degree in Automation Engineering and state-certified Electromechanical Technician with a CNC focus. Long-standing responsibility for hardware service, customer support and online sales. Seeking a long-term position in IT refurbishment, hardware service, CNC technology or industrial maintenance. German B1, eager to learn and highly motivated.

CORE COMPETENCIES

- Modular repair and component replacement
- BIOS/firmware updates, driver management
- Workflow automation (n8n, Python — basic knowledge)
- Soldering & measurement technology (multimeter, oscilloscope)
- Windows administration (PowerShell, CMD)
- E-commerce administration (OpenCart)

WORK EXPERIENCE

11.2001 – 05.2024 IT Systems Electronics Technician *NoteComp, Kharkiv (Ukraine) — 23 years*

- Systematic fault diagnosis and repair of notebooks, PCs and other IT hardware
- Electronics and measurement technology: fault analysis on mainboards and peripherals using multimeter, oscilloscope and soldering station
- Software management: operating system configuration, driver management, BIOS updates
- Set up and technically administered the company's own online shop (OpenCart) and managed its social media channels
- Repair volume: an average of 20–40 notebooks/PCs per month; overall service volume (incl. diagnostics and maintenance) of up to 80 devices per month

06.2024 – 03.2026 Relocation to Germany and targeted integration

- Learned German up to level B1 — integration course, Volkshochschule Prien am Chiemsee
- Job application training and labor market orientation — Institut für Personaltraining und Beratung (IPB)

EDUCATION

2023 – 2026 V. N. Karazin Kharkiv National University, Kharkiv (Ukraine)

- Field of study: Automation, computer-integrated technologies and robotics
- Degree: Bachelor's degree (diploma from 07.2026)

1992 – 1996 Kharkiv Technical College of Spindle and Tool Engineering, Kharkiv (Ukraine)

- Specialization: Technical maintenance of CNC machine tools and robotic systems
- Qualification: Electromechanical Technician / CNC Technician

SKILLS & KNOWLEDGE

Languages

- German (B1) — good basic knowledge, actively improving
- English (A2) — basic knowledge
- Ukrainian, Russian — native languages

Hardware & Electronics

- Fault diagnosis and repair of notebooks, PCs and IT components
- Measurement technology: multimeter, oscilloscope · soldering
- Diagnostic software: AIDA64, MemTest86, FurMark, HWiNFO

IT Automation & AI

- MS Office (Word, Excel, PowerPoint) — very good knowledge
- E-commerce: OpenCart — basic knowledge
- IT administration: Windows, PowerShell, CMD — basic knowledge
- Programming & automation: Python, Google Apps Script, n8n — basic knowledge
- Graphics & CAD: Fusion 360, Adobe Photoshop, CorelDRAW — basic knowledge
- Generative AI: active use (ChatGPT, Gemini, Claude, Groq) for problem-solving and automation

VOLUNTEERING & INTERESTS

- Volunteer member of the Wasserwacht Prien-Rimsting (DRK water rescue service)
- Active swimmer · healthy lifestyle, non-smoker
